EDUCATION

Western Governors University

Bachelor of Science - Software Development

Mar 2023

Codeup

Certification of Completion

April 2023 - Sep 2023

This 5-month coding boot camp teaches full-stack software development through 670 contact hours of hands-on technical training (20% more time than 4-year degree majors require)

CERTIFICATIONS

CompTIA

A+ CE Certification (Cert. #3VFC7K1SLEB4QZ9G)

Aug 2022

Axelos

ITIL 4 Foundation (Cert. #GR671441092RM)

Nov 2022

DEVELOPMENT PROJECT

UpliftUnity: [Live Site](#) | [Repository](#)

UpliftUnity is a platform where users share and connect with a supportive community. I led the front-end design, ensuring a seamless UI/UX. Additionally, I implemented the CRUD operations, streamlining content management and enhancing the platform's user-friendliness and functionality.

Environment: Java, Spring Boot, JavaScript, Thymeleaf, JPA, Maven, Filestack API, and SQL.

EXPERIENCE

U.S. ARMY - Fort Meade, MD

Apr 2015 - Nov 2018

Signals Intelligence Analyst

- Strengthened tactical decision-making and mission outcomes by analyzing raw intelligence data and disseminating key insights across multiple organizations.
- Improved situational awareness and mission completion rates by leading a team to task and manage over 40 tactical platforms.
- Increased data flow efficiency by deploying a management system that processed over 1,400 records, enabling faster reporting timeframes.

Homestead Gifting - Remote

Jan 2019 - Apr 2022

Product Manager

- Drove consistent revenue growth and enhanced brand visibility by identifying profitable FBA products to expand our portfolio and implementing pay-per-click (PPC) campaigns on Amazon-sponsored products, Brands, and Display Ads.
- Expanded product portfolio through data-driven market research, uncovering profitable niches and contributing to the company's overall success
- Increased customer satisfaction by 30% and reduced product return rates by adopting user-centric design thinking in product development, leading to products that are more aligned with user expectations and market demand
